Our Principles

The Unitarian Universalist Association of Congregations affirms and promotes:

1. The inherent worth and dignity of every person;
2. Justice, equity and compassion in human relations;
3. Acceptance of one another and encouragement to spiritual growth in our congregations;
4. A free and responsible search for truth and meaning;
5. The right of conscience and the use of the democratic process within our congregations and in society at large;
6. The goal of world community with peace, liberty, and justice for all;
7. Respect for the interdependent web of all existence of which we are a part.

Our Mission

The mission of the Unitarian Universalist Church of the Shenandoah Valley, Inc. is to build a community based on and committed to self-development, compassion, open communication, and action.

Our Community is defined by how we interact with each other, both within the Congregation and with the larger society.

Self-development is enabled by meeting the spiritual, intellectual, and social awareness needs of the congregation.

We practice compassion by placing ourselves in the position of both other members of the congregation and of the larger society.

We practice open communication by speaking openly and with respect, civility, and compassion.

Action means we play active roles both within the congregation and wider community in fulfilling our self-development and compassion values.

Our Promises

With this UUCSV covenant as our source and with goodwill and honest effort, we promise to:

- Welcome all who come to us, keeping in mind the differences among us and remembering that building community requires learning and practice;
- Listen carefully and choose our actions mindfully;
- Act with loving kindness, compassion and patience, reflecting carefully on the effects of our words;
- Speak out when we witness disrespectful interactions;
- Respect one another by speaking directly to those with whom we disagree, asking for help when needed;
- Ask ourselves if we are promoting our Unitarian Universalist principles.
